

Protect Accessory Co. Ltd.

Sustainable operation with Bluesign and GRS certified

Protect accessory Co. Ltd. was established in 2003. The factory named Dragon-times was located in Guangdong, China. Our company produces all kinds of trims (zipper, puller, velcro, snap, webbing, label, belts, and so on) and focuses on outdoor wear.

In recent years, sustainable environmental protection has been the goal of international brands, developing in the direction of environmental protection, recycled polyester, natural recycled, and BIO-degradable.

Dragon-times has been working on sustainable operation for many years, we have been a Bluesign member for over 10 years, and over 80% of the trims get Bluesign approved. Since the year 2022, recycled polyester passed Bluesign approval, too.

The Bluesign items are included as below:

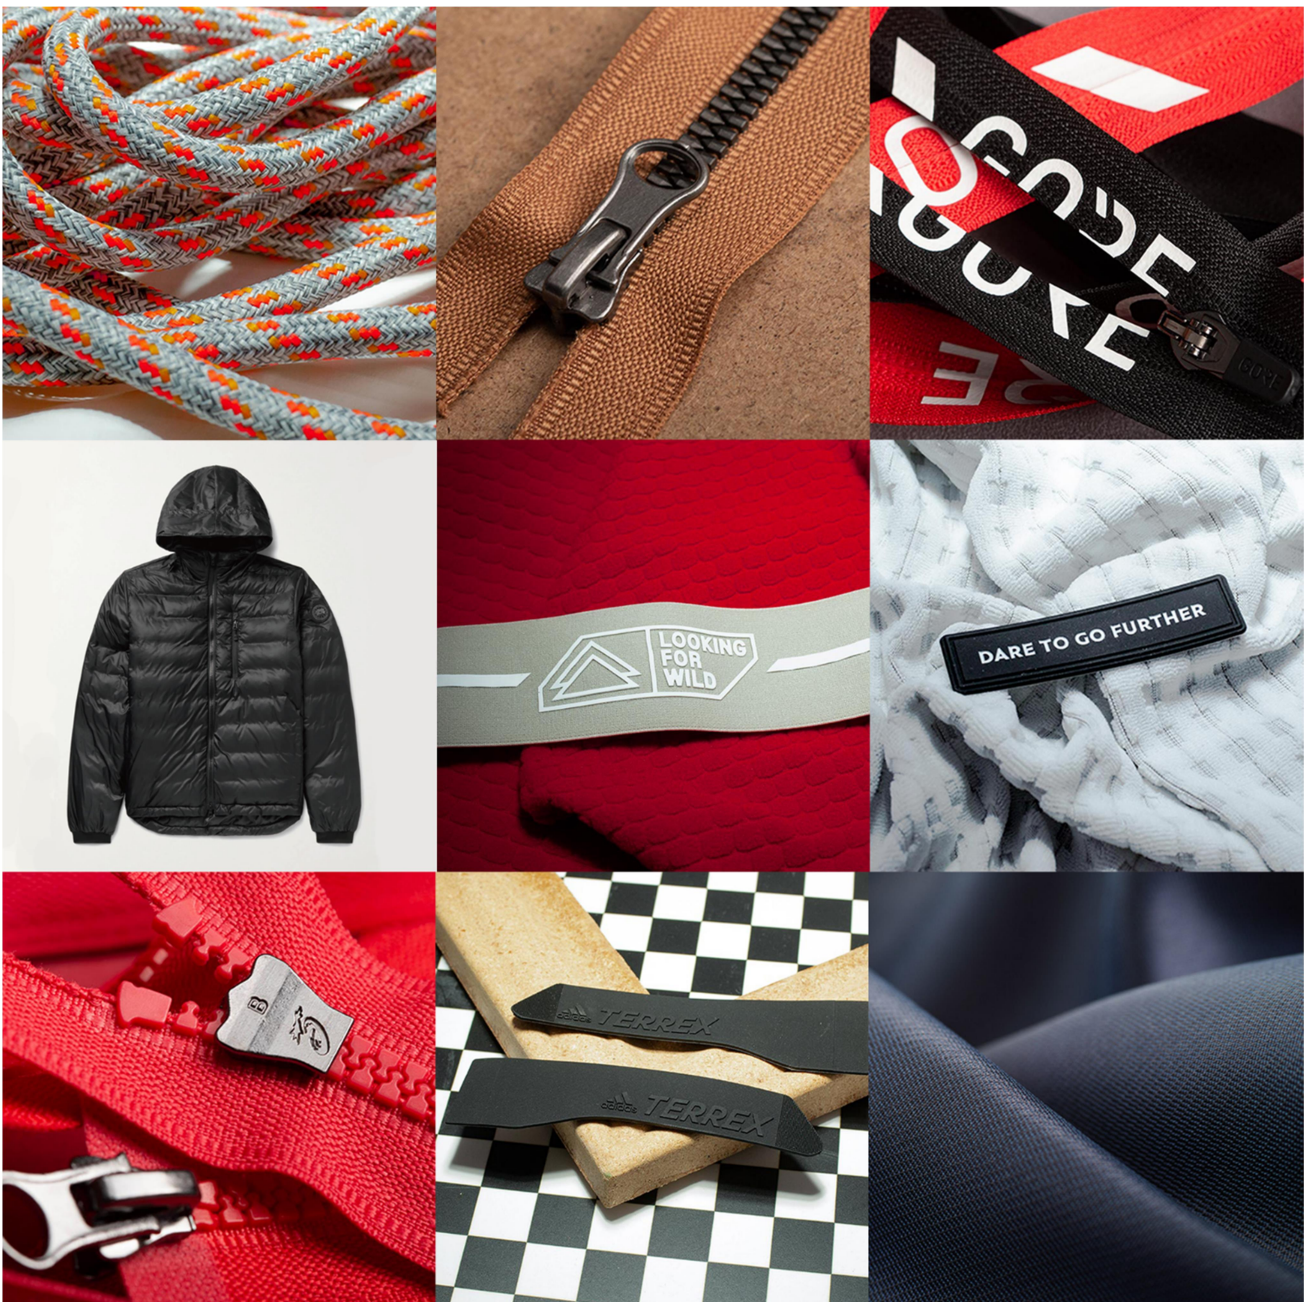

1. Zipper in 100% Bluesign approved (not only the zipper tape, the zipper teeth, and top and bottom stopper, but sliders are also Bluesign approved)
2. Plastic products in Bluesign approved (including PA, PC, PP, POM, ABS, TPU, PU, silicon made, and so on)
3. Textile to the polyester cord and webbings.
4. Metal products (zinc or brass made) with painting or electroplating colors.
5. Recycled polyester is GRS and Bluesign approved.

Dragon-times not only produce zippers and trims, we also produce fabric, accessories (belt, gloves), and garments.

The biggest strength is that we can handle the small order Qty for you and maintain in best quality on the garments and trims.

We can provide Mono project with polyester or recycled polyester for the garments or accessories and the Mono project with Bluesign or GRS certified.
