

**WEN FENG TEXTILE CO., LTD.**  
**NEW FASHION AND ECO-FRIENDLY TEXTILE INNOVATOR**

WEN FENG TEXTILE CO., LTD. specializes in the design, development, and marketing of sports knitted fabrics.

Our main products are elastic fabric, such as Nylon/Lycra, Polyester/Lycra, Nylon/Polyester/Spandex through the construction of Single Jersey, Interlock, engineer computer jacquard, and various Rib structures with all kinds of functional and fashionable finishing.

The distinctive functions of anti-bacteria, UV protection, water-proof, warm/cool- feeling, quick dry and moisture management are among the favorites in the market and have had proven records in the US and Europe.

These are so popular to be used for making Yoga, riding, running, swimming and training active wear....etc

We devote ourselves to environmental protection, and here are our interesting articles:

1. Micro-fibers Comfortable double peaches
2. Eco-friendly Recycle
3. Dope Dye or Solution Dye
4. Space & Tie Dye
5. Fashion or Engineer Jacquard
